- SymptoPlus:** Standalone: Does not need internet, occasional sync on sympto.org account. After 15 free trial days with follow up, it costs 16 Euros: it is sympto's flagship. Alternative: sympto free on Android, similar to iPhone and Windows.
- Follow ups:** After validation on sympto.org, you receive personal answers by the personal message box on the app and on your **premium account**. After the first 15 free days, it needs at least 1 Daisy to continue this service. We guarantee natural contraception after a Daisy PLUS.
- Premium:** All features on sympto.org: chart pdf, printing of charts, chart link for forums, more user comfort, confidential storage of all data, Symptos market, support for the Foundation. But no follow up! All follow ups include the Premium access.
- Price:** The **shipping costs** are not mentioned on this price schedule (except if stated).
The prices are indicated in Swiss Francs (CHF), the \$/E prices are visible if you modify the currency on top right of the page).
